

BRONZE SERIES

Steel Garage Doors

S2RST

Long Ranch Panel, 24-Gauge with woodgrain textured surface

S4RST

Standard Classic Raised Panel, 24-Gauge with woodgrain textured surface

S6RST

Standard Classic Raised Panel, 25-Gauge with woodgrain textured surface

S5EST/S5ST

Deep-Ribbed, 25-Gauge with woodgrain (S5EST) or smooth (S5ST) surface

Model S6RST shown in Sandtone with optional Sherwood 306 Decorative Insert

- Tongue-and-groove joint
- Virtually maintenance-free finish
- Attractive raised panel or ribbed design
- Four finish painted colors

- A variety of decorative window options provides that finishing touch
- Limited lifetime warranty (S2RST, S4RST)
- 10-year limited warranty (S5EST, S5ST, S6RST)

Available in raised panel or deep ribbed design, these steel doors are an economical choice for homeowners seeking the beauty of wood and the durability of steel. Using a long-lasting paint protection system—hot-dipped galvanizing followed by a baked-on primer and polyester top coat—these doors are built to complement any home style while providing years of virtually maintenance-free use. A rustproof aluminum retainer with a vinyl floor seal helps protect your garage from the elements.

Due to printing process, colors may vary. Please request an accurate color chip. S5EST/S5ST available only in white or brown.

Model S2RST shown in White with optional Colonial 609 Decorative Insert

Models S2RST, S4RST, S6RST, S5EST, S5ST

Features

- 1 Steel Construction**
S2RST/S4RST: Both doors are made of durable 24-gauge steel.
S6RST/S5EST/S5ST: Doors are made of durable 25-gauge steel.
- 2 Virtually maintenance-free**
Prefinished exterior surface can be painted to match the decor of any home.
- 3 Panel Design**
S2RST/S4RST and S6RST feature Classic Raised Panels, all with a natural woodgrain texture to complement your home's design.
S5EST and S5ST feature deep-ribbed designs with woodgrain (S5EST) or smooth (S5ST) surface.
- 4 Tongue-and-groove joints**
Provides a superior weather-resistant seal at each section joint and ensures better door alignment.
- 5 Door hardware**
Galvanized steel hardware is standard on all models.
- 6 Bottom weatherseal**
Replaceable weatherseal helps seal out the elements. Aluminum retainer is rustproof.

Paint System

Steel skins are protected from the environment through the use of a tough, layered coating system, starting with a layer of hot-dipped galvanizing and a protective metal oxide pretreatment, followed by a baked-on polyurethane primer and a tough, weather-resistant polyester top coat, creating a virtually maintenance-free surface.

Patented Safe-T-Bracket®

Bottom bracket cannot, under normal circumstances, be removed while door is under tension.

Galvanized Torsion Springs

Durable, corrosion-resistant galvanized torsion springs function for up to a 50% longer life and present a more attractive, polished appearance.

Step Plate/Grip Handle

Color-matched exterior step plate/grip handles are durable, attractive, and allow for safe opening and closing of your door.

Door Width	# Panels/Windows Across		Door Height	Sections High
	S2RST	S6RST
